TO THE STEPPING DOWNS, HIP, HIP HORRAY THIS IS YOUR DAY!  
TO THE STEPPING UPS, WE BELIEVE IN YOU, YOU WILL MAKE GREAT THINGS HAPPEN!

## From the President

**G**ood evening and welcome to Coronation 24: The Dark Side of Fantasia. On behalf of the entire membership of The Imperial Sovereign Court of All Connecticut, thank you for your presence and support.

The Imperial Sovereign Court of All Connecticut has experienced considerable change during the past three years. We have thrived through a pandemic still working hard on behalf of our community by producing countless virtual fundraisers, delivering pride to people's backyards when pride festivals were canceled, partnering with area small businesses to develop new fundraising initiatives and persevering through challenging times.

The Board of Directors and College of Monarchs worked together this year to ensure that our standards and traditions were maintained and honored while also shifting an eye toward the future. Organizations like ours must continue to adjust to twenty-first century practices that place inclusion and belonging over all things. We honor our history and build toward the future with the knowledge that our foundation is strong.

As we navigate an ever-changed world and set of challenges facing the LGBTQIA+ community let us defer to Jose Julio Sarria, our beloved founder of the Imperial Court System for guidance. When we feel alone and without purpose let us remember that one person can change the world as Mama Jose did. When we face challenges posed by republican lead state legislatures and far right extremist groups let us remember our collective strength to stay focused and united.

This weekend we celebrate another year of fundraising and community engagement. We celebrate twenty-four years of work on behalf of countless beneficiaries and community groups. We celebrate and remember the contributions of those we have lost and prepare for those yet to come. If you are a member of The Imperial Sovereign Court of All Connecticut, thank you for all you do to spread the message of love and unity through fundraising.

Thank you to Mark and Harold Turocy and the staff of the Black Rock Social House, John and Luis Pepe and the staff of the Chez Est, for your partnership, friendship, and love.

Congratulations to Empress 23 Luna Tikk and Monarch 23 Bryce McKinzie. As we embark on a new year, please support the first double emperor team in the history of the ISC of All CT Mark and George Hicks- Richards.

Enjoy the festivities.

Empress 22 Miss Frank Borrelli  
Board of Directors President

# From Monarch 23 BRYCE MCKINZIE CELESTIAL R-D

They say you're never really sure what you're getting into until it happens. And I've learned that's the truth. It's been one heck of a ride, but I wouldn't change it for the world. I have learned so much from family, coworkers, out of state members and instate members that I wouldn't trade.

From the time I joined in November 2009, from my drag mother The Divine Spice Celestial, Rest in Peace, to today having my court parents Morgana and Trevor, and biological parents Ann and Dale join me on this trip this year, mean the world to me.

To my best friend Harper, agreeing take on this year long task with me: There have been ups and downs but I'm glad I chose you. You represented beautifully, you came to meetings, events, prides, coronations and did nearly as much as I did.

To my halves for their support over the course of the year: I hope to see you around more now that I have a little more free time lol. I suggest vacation trips! Lol You five (2 American, 2 Canadian, 1 In-State), Eddie, Fanny, Benji, Teigh Teigh, and John are always there for a laugh, a helping hand or advice when needed- or even when not needed lol, and that I am grateful for.

To out of state friends, family, and loved ones: Thank you for joining me on this wild ride. Over a half dozen coronations that I loved every bit and hope to see more. Out of state events I hope to attend more, and faces I hope to see lots more of! We are what makes the ICS what it is. Remember that. Put aside differences because we are family.

To my Court: You all are my true backbone, from the College Council, to the College of Monarchs, to our board and general membership; None of this would have been possible without all of you. And for that I am truly appreciative. You worked your rears off and it showed! Without your hard work, nothing we did would have made as much of a difference. You surprise me, in good ways, at just how much we can accomplish. I cannot wait to see what the next reign brings!

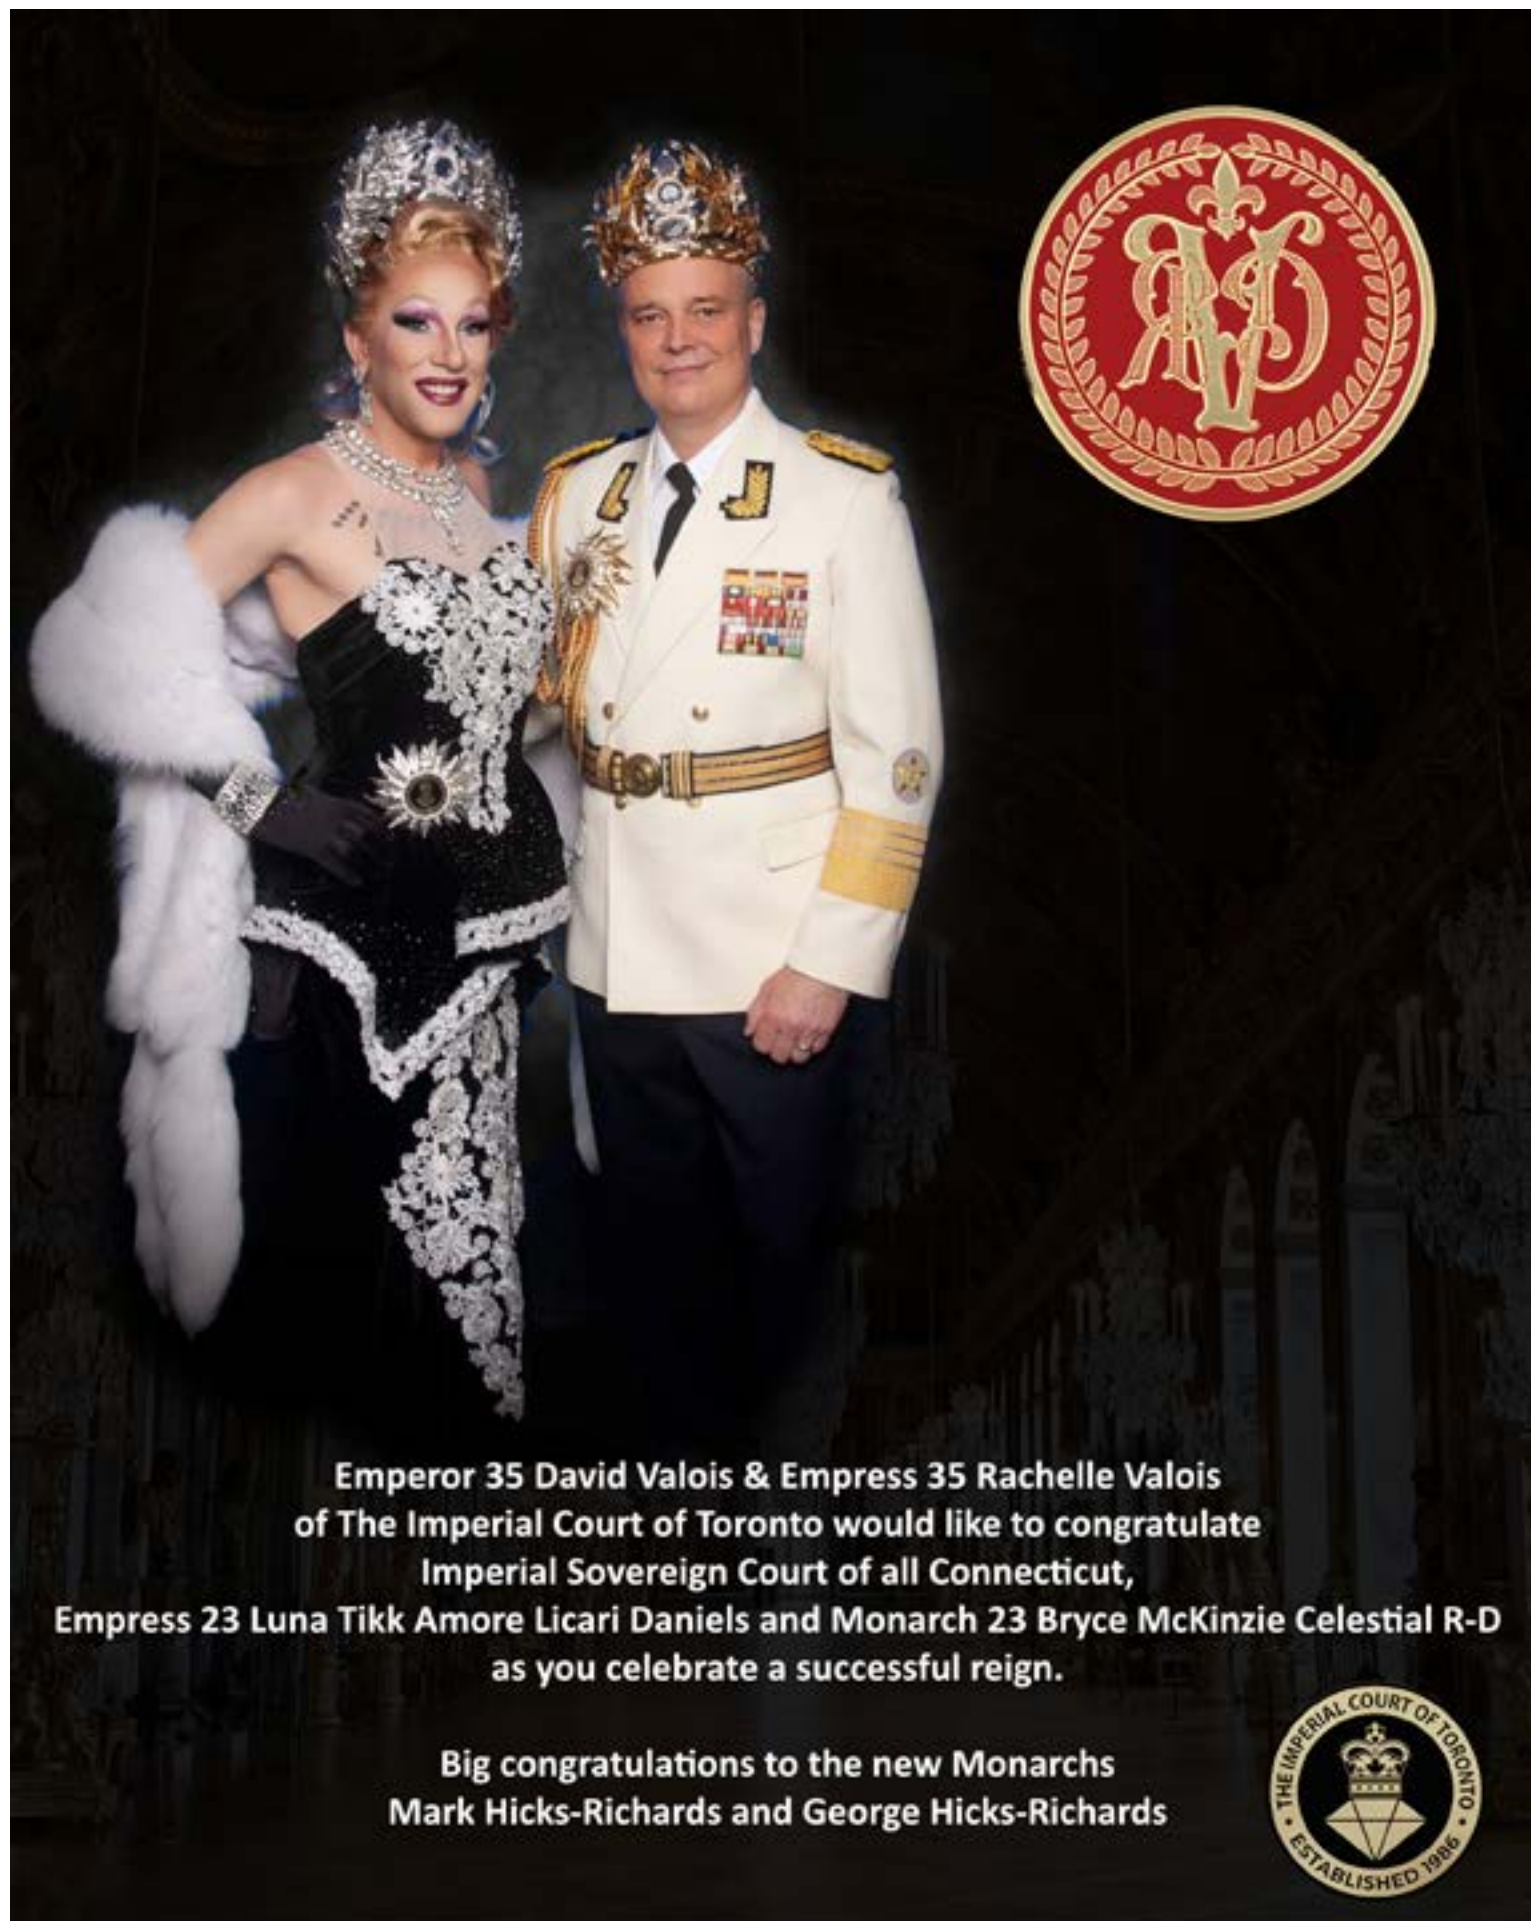

Lastly to my Empress: You have made this year more than worthwhile; we did a heck of a job and I can't wait to see what the future brings. From our car rides to hotel stays, to water breaks, it was all tons of fun! Just think we did it and didn't kill or maim each other lmao. I consider that a feat- PLUS we're still talking lmao. Love you to the stars and back!

Thank you everyone for making this year memorable And don't even forget we crown our heart, not our head.

Congratulations Bryce and Luna  
 on your Reign.  
 Your ICPs  
 Mark, Harper, and George

## From Empress 23 LUNATIKK AMORE DANIELS-LICARI

**A**s Reign 23 of the Imperial Sovereign Court of Connecticut came to a close, The Misfit Empress LunaTikk Amore knew that it was time for her to step down and pass the torch to the new Dual Emperors, George and Mark. She had been a fierce and dedicated leader, always striving to do what was best for The Court and the LGBTQIA+ community at large. Her reign had been a whirlwind of passion, dedication and commitment, and she knew that it was time to make way for fresh blood to take the reins.

But before she stepped down, LunaTikk made sure to thank all those who had supported her during her reign. She thanked her Monarch, Bryce, for his guidance and leadership. She thanked The Imperial Crown Princes, Mark and George, as well as The Imperial Crown Princep, Harper, for their unwavering support and dedication. She also thanked her Crown Prince, Will, and Crown Princep, Amber, for their hard work and dedication to both the Court and Community. They had been her right hand (and left hand) in everything she did, and she couldn't have done it without them.

LunaTikk also made sure to thank her College Council, Morgana, Cassandra, and Brandy, as well as her quarters, JP, Kerra, Morgana, and Connie. They had been her confidants, her cheerleaders and her sounding board. She also knew that she couldn't have made it through her reign without the support of her board, especially Mrs. Frank and Treasurer Vu. They had kept her grounded and had been her rock when times got tough.

Above all, she wanted to thank all the members of the ISCoFALLCT for their support and dedication. They had been her family, her community, and her reason for doing what she did. She was grateful for the love and support they had shown her and knew that she

would always carry it with her in her heart.

Of course, she couldn't forget the fabulous Club The Chez Est, run by John John and Luis. She knew that it was a place where the LGBTQIA+ community could come together to celebrate and support each other in their very own safe space. It was a beacon of hope and acceptance, and she was grateful for the love and support the club had shown her throughout her reign.

She also made sure to thank all the courts across the realm, as well as the Ursa Men, CT Leather and the Reigns beneficiaries: C.T.A.C. (Connecticut Trans Advocacy Coalition) and A.C.T. (Advancing CT Together) She knew that the Community was stronger when they all worked together, and she was grateful for the support of everyone involved. It had been an honor to work with these organizations and to be a part of their mission to create a more inclusive and accepting community for all.

As LunaTikk would step down

as Empress, she knew that she was leaving the court in the best of hands. She was grateful for all that she had learned and accomplished during her time as Empress and was excited to see what the future held for the court and the LGBTQIA+ community. Despite stepping down as Empress, LunaTikk Amore Daniels Licari knew that she would always be there to support the new Reign, future Reigns and the community she loved so much. She would be there to cheer them on, to offer her support and to continue to perform and uplift the community through her talents and passion.

So, as the reign of LunaTikk Amore came to a close, she felt that it had been one for the books. One filled with dedication, passion, and love, and one that she would remember for years to come.

As she handed over the reign to the new Dual Emperors, George and Mark, she felt a sense of pride. She knew that they were the perfect candidates to lead the court and the community going forward. They were young, vibrant and full of ideas, well maybe not so young. They had the drive and the passion to take the court to new heights and to continue to make a positive impact on the community.

As the new Reign would begin, LunaTikk knew that she would always be a part of the court. She would always be a part of the community. And she would always be a shining example of what it means to be a fierce and fabulous leader who is dedicated to uplifting and supporting the community through her talents and passion.

So, as the Reign of LunaTikk Amore ends, she is beyond excited with what the future holds.

THE END.

With Love and Lunacy,  
Empress 23 LunaTikk Amore

## From the ICPs

When we were first asked if we would like to be ICPs for Reign 23, we took the time to huddle and think it through. After a few jokes about dueling princes, which led to the song "Two Princes" by the Spin Doctors being stuck in our heads for days (now it's stuck in your head, too - you're welcome)

We got real and thought about what it would be like. We both knew the answer would be "yes", but we dragged it out a few days to make sure. Neither of us were strangers to community service; one of us a two time Connecticut titleholder and the other a regional titleholder in the bear and leather circuits, respectively. We had a pretty good idea what it would take.

But we were mostly driven to say "yes" because it would give us the opportunity to do more of what we enjoyed most from our time as titleholders; raising money for the local Connecticut community.

With the invaluable counsel of those who came before us, we thrust ourselves out there in our shiny new capes, knowing we would learn so many new things and make a mistake or two here and there, all the while focusing on doing everything

we could to raise funds, meet new people, expand our horizons, and shout from the rooftops what an amazing organization the Imperial Court System is and how proud we were to be a part of it.

Congratulations to Luna and Bryce on their Reign and thank you Luna for giving us the opportunity to be your Princes on this journey. Also congratulations to Harper as Imperial Crown Prince to the Reign.

We can't state enough how thankful and humbled we are for the support the organization has given us, from the College of Monarchs, to the Board, to the General Membership. Thank you for all you do, and continue to do.

We also want to thank the many, many community members who have supported us and encouraged us to keep going. We are truly blessed in the strength and resilience of our Connecticut Community. We are Family, and we are Strong. We look forward to serving you in the very near future; with bigger, shinier capes!

To list everyone who has given us guidance and support would be impossible, but special thank you's to Frank, Cassandra, Trevor and Morgana, Dan M, Chris I, Bonnie, John and Luis Pepe and our Chez Family, and of course to our BLC brother Vu and Adam; both of which we leaned on a lot this year, thank you. Ohana.

As has been said before; No rest for the wicked. See you all on the flip side!

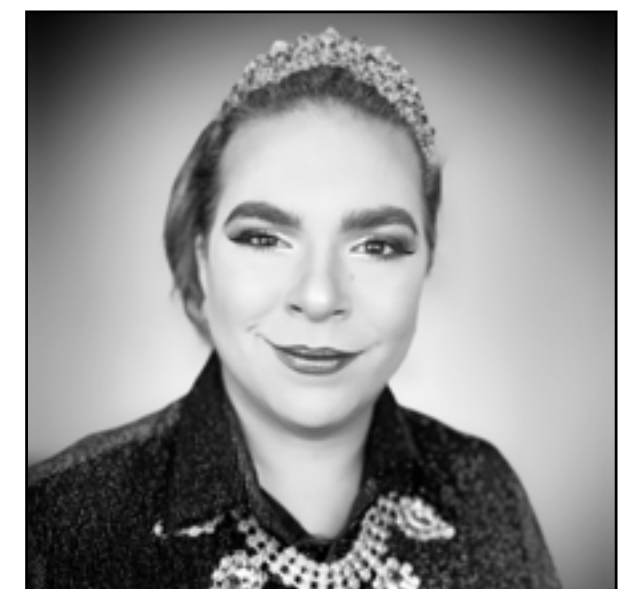

In service,  
George & Mark

It's been an amazing year and I want to thank Bryce McKinzie Celestial RD for making me his ICP and travel companion. You are my best friend and I love you. I want to also thank Luna Tikk Amore for their friendship and leadership throughout the reign. Bella Rose, John Howard, and Eddie Noivo I thank you for your mentorship, guidance, and love. Brody McMenemy, Nija, and Kate Kullen I thank you for making me feel at home away from home.

And finally I want to thank Mark & George for sharing this year as my fellow ICPs. I cannot wait to see what you two have planned for the next year!

I've traveled more and met more friends this year than I have at any other point in my life. I will cherish those friendships forever.

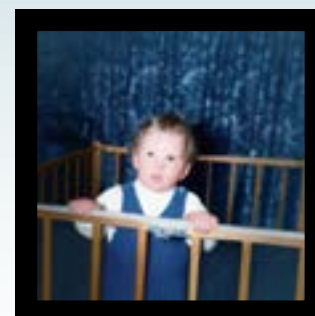

Thank you again,  
Harper Kelley

Congratulations to Empress 23 Luna Tikk Amore, Monarch 23 Bryce McKinzie Celestial R-D and all our friends in the Imperial Sovereign Court for a successful reign and good luck to the incoming Monarchs!

It has been an absolute honor for Bikers Against Animal Cruelty, Inc. to be acknowledged and chosen as a benefactor of Imperial Sovereign Court of All Connecticut.

To say we are grateful to each one of you is an understatement - your compassion and generosity is truly transcending.

The most beautiful souls are those that have faced their pain, overcome suffering, let go of fears, held onto hope and emerged from the darkest spaces.

Cruelty has no place in our world, no matter if it is inflicted on animals or humans.

Beautiful souls will always come together and triumph!

For close to two decades, B.A.A.C. has been focused on our mission of helping victims of animal cruelty receive urgent medical care needed for each beautiful soul to receive a second chance at a life that is deserving of such beauty.

The vulnerability of these souls is in the hands of their humans and the devastation one bad owner could cause is horrific.

We will be their voice and their advocate and we will not give up.

To Say Nothing, To Do Nothing, Stops Nothing.
